TEXAS  **EXES**[®]
— HOUSTON CHAPTER —

Since 2000, the Texas Exes Houston Chapter has awarded more than **\$1.4 million in scholarships** to deserving Houston-area students.

This school year, **32 students benefited** from Chapter scholarship **funds totaling more than \$105,000.**

Scholarships are merit based, but many of them also satisfy a financial need. In some cases, they are the deciding factor between UT and another institution or between UT and foregoing higher education due to lack of financial resources.

Scholarship recipients are emerging leaders with diverse interests and majors ranging from Business, Engineering and Plan II Honors to Natural Sciences, Journalism and more.

In addition to our general scholarship fund, the Chapter endows **two 40 Acres scholarships** and **18 named scholarships**, including **five new scholarships** announced last year.

Join us in making a difference in the lives of deserving Houston area students and leading Texas Exes Chapters worldwide in scholarships!
